## CLINT SMALL TO SPEAK AT HOME COMING

### Amarillo Scene For Get-Together Meeting Monday

### HUNDREDS TO COME

### Only Speech in Panhandle Slated for Small

One of the greatest welcomes ever given a Panhandle citizen will be tendered Senator Clint C. Small when he addresses his "home folks" of the Panhandle at the Amarillo Municipal Auditorium, Monday night, June 25.

Six bands from as many Panhandle cities will be on hand to "hail the chief" when Senator Small brings his campaign for governor back home.

Friends of the Panhandle entry in the governor's race are preparing a gigantic rally in his behalf for his only appearance in this senatorial district during the present campaign.

"Demands on Senator Small's time for public addresses, in other sections of the state, are so great that he is forced to devote as much time as possible where there are heavier populated areas," it was announced at the Small for Governor headquarters.

Following his appearance here on June 25, a big rally covering all of the counties in the South Plains country will be held in Lubbock, on the night of Tuesday, June 26.

A full day of activities has been arranged for Senator Small's home visit. During Monday morning, until shortly before noon, an informal reception for his friends will be held in the Amarillo Hotel. At noon he will speak at a luncheon of county chairmen of the Panhandle.

At 6:30 o'clock a Panhandle group of Young Democrats will give a victory dinner at which time Senator Small will speak.

His main address will be given in the auditorium at 8:30 p. m.

Reports reaching the Small headquarters daily, indicate that the Panhandle senator's support is making great gains in all sections, particularly in the southern and eastern sections of the State.

His friends in those sections freely predict that his present strength is such that it will undoubtedly place him in the run-off.

## Wheat Allotment Work Nears End Contract Signing

The 1934 "Proof of Compliance" papers on Wheat Allotment Contracts are being signed up this week.

These forms show the measurements of fields seeded to wheat and the land contracted to be left out of production. This together with certain other data constitutes the proof that the producer complies with his contract.

The sign up schedule for the balance of this week follows: Trigg School, Thursday afternoon; Sunny Hill, Thursday night from 8 to 10 o'clock; Park School, Rriday afternoon; Stone School, Friday evening from 8 to 10 o'clock; Ralph School, Monday afternoon and Canyon, Monday from 2 p. m. to 9 p. m.

The allotment committee hopes to be able to send the contracts to Washington by the first of July.

## Hill Presents W. T. Budget For 2 Years at Austin

Dr. J. A. Hill will return today from Austin where he has been this week presenting the budget of W. T. for the coming two years.

The budget was recently passed upon by the Board of Regents. It calls for a restoration of salaries and some of the places omitted by the last session of the legislature.

The Board of Control will make recommendations to the legislature, together with recommendations by the Governor under the new budget law. It is not likely that the Board of Control will announce its recommendations until the latter part of the year.

## *Wortham Resigns*

FRED E. WORTHAM

Fred E. Wortham, this week announced his resignation as secretary of the Canyon Chamber of Commerce, to become engaged in publicity work. He assumes charge of the publicity and promotion work in connection with the Palo Duro State Park.

In addition to that he will assist in the publicity in connection with the campaign of Senator Clint C. Small, candidate for governor. He will work with the Panhandle headquarters for Small at Amarillo.

Wortham was elected secretary of the local chamber of commerce and assumed duties in that organization on July 1st, 1931. Before that he was employed by the Canyon News.

Mr. and Mrs. Wortham will continue to make their home in Canyon.

## ASKING BOOKS BE DONATED TO PUBLIC LIBRARY

### Canvas Will Be Made of Town to Secure Donations

### MAGAZINES WANTED

### Campaign Starts to Improve the County Library

Canyon has had many church censuses. Now it is going to have a book census. But only those books which are given to the public library so that they can be used by the people of Randall County will be counted, according to a plan suggested by Professor S. H. Condron and Judge S. B. Orton.

These men and the Library Committee of which Mrs. S. L. Ingham is chairman believe that there are hundreds of books and magazines in Canyon which are no longer being used by their owners, but which would help the library.

The town has been divided into

## More Companies May Be Returned Palo Duro Soon

According to a dispatch in the Houston Post a few days ago, two companies will be returned to the Palo Duro State Park by August 1.

A request had been filed for the additional companies to return on October 1st, but from present indications, the men will arrive here about the first of August.

George Nason of the National Park Service was here over the week end on a tour of inspection. He is highly pleased with progress being made at the Park. He had just returned from a meeting of the National Parks directors in Kentucky, where the largest exhibit was from the Palo Duro.

"There are two major park projects in the nation at the present time and both are in Texas—Palo Duro Park and Citas Park in the Big Bend Country.

"Palo Duro Park, in my opinion, is perhaps the finest state park in the nation," Mr. Nason said. "It compares with the Grand Canyon."

A proposal has been made to locate a transient work camp at the Palisades in order to relieve all men who are located at the Palo Duro. From 50 to 80 men are taken daily from Palo Duro to the Palisades to build a concession house and work on the roads.

## PRIMARY LIST BRINGS MANY CANDIDATES

### County Committee In Meeting Draws for Places

### LIST IS LONG

### Plans Are Made for Holding Primary on July 28

The Randall County Democratic Executive committee held its first meeting of the year Monday at the home of A. M. Smith, county chairman, and arranged the names on the primary ballot for the July election.

The only last minutes surprise of the campaign was the filing of Worth A. Jennings as a candidate for County Judge.

The following will be the names on the primary tickets in the order chosen for the election:

**For United States Senator:**
Guy B. Fisher of San Augustine County.
Tom Connally of Falls County.
Jos. W. Bailey, Jr. of Dallas County.

**For Governor:**
Edward K. Russell of Red River Co.
Clint Small of Potter County.
Maury Hughes of Dallas County.
James V. Allred of Wichita County.
C. C. McDonald of Wichita County.
Tom F. Hunter of Wichita County.
Edgar Witt of McLellan County.

**For Lieutenant Governor:**
Walter F. Woodul of Harris County.
John Hornsby of Travis County.

## First Load Wheat Received Saturday Harvest Started

Harvest will be underway in Randall county this week end. The first load of wheat was received in Canyon Saturday by the Farmers Elevator Co. when Herman Meyer brought in a load. The test on this load was 59, and the load brought 67 cents plus a 2 cent bonus. Mr. Myer stated that his wheat would make about 8 bushels to the acre.

Hail of last Wednesday, Thursday and Friday probably wiped out half of the wheat which remained in the county. The hail was especially destructive in the south and southeast part of the county. This section had the best wheat which remained in the county, and the hail caused a great damage for the farmers. Gardens and row crops were badly hit by the hail, a majority of the gardens being ruined.

Very little insurance was carried by the farmers owing to the slight chances for a wheat yield this year.

Local grain men predict that not more than 10 cars of wheat will be brought to the Canyon market owing to the short crop in this section. Most of the wheat in this section will be harvested next week.

## T-Anchor Meeting Will Be Held at Park August 23

The annual T-Anchor celebration will be held at the Wragge Park north of Canyon on August 23rd, according to notices sent out by officers of the organization. John Arnott of Amarillo is in charge of the program this year.

The T-Anchor annual reunion is opened only to men who worked on the ranches of this section in the early days, and invitations have been sent to those who are entitled to membership in the organization.

## *PLAN FOURTH OF JULY IN PALO DURO*

(1) Over a route that once was impassable, even on horseback, visitors to the new Palo Duro Park can now drive leisurely and safely on a smooth, winding road, built by the National Park Service, into the very heart of the famous gorge. (2) The "Lighthouse"—most massive and historical of the many colorful and impressive erosive formations found in Palo Duro Canyon. (3) More than 30 miles of exciting bridle paths, also built by the National Park Service, wind around the canyon walls, across the mesas, over the peaks and down the gulches, visiting the most interesting formations and beauty spots of the Park.

With the details of an elaborate entertainment program already worked out, through the assistance of chambers of commerce in scores of towns throughout the Panhandle- Plains, everything is in readiness for the formal opening celebration July 4 of the Palo Duro Park, which is being developed by the National Parks Service.

Due to the distinctively different type of scenic beauty offered only by the new park, it is attracting attention throughout the entire Southwest. D. E. Colp, chairman of the State Park Board, predicts that as many as 100,000 people will visit the project during the opening event.

**Can Stay Overnight**

Although the lodge is still under construction, and cottages are yet to be built, inviting camp sites, with abundant fresh water, are available at no extra cost to those desiring to stay over night in the canyon.

One feature of the varied five-day entertainment which will appeal to all true westerners is the rodeo which is to be staged daily under the supervision of the vet-

## RELIEF WORK UNDER WAY TO THE PALO DURO

### 50 Men Working Goodnight Trail to Park

### MAY ADD MORE

### Strictly Relief Program Is Set Up in the County

About 50 men have been at work on the Goodnight Trail the past week under the new drouth relief program. Authority has been granted to increase this number to 75 as fast as their case records may be completed.

Repair work is being done on the roadbed, and as soon as this is in shape, caliche work will start on the east end of the Trail.

H. S. Strain, county administrator, states that the relief rolls have been increasing a little, although several men have been called for by the farmers during the past week. As soon as harvest is over, others will probably be added to the men available for road work.

The new work program is strictly for relief purposes, and only those who must have relief are qualified for work jobs on the roads.

## *Randall Is Free of TB of Cattle*

## Swollen Creek Cause Distress at Palo Duro Park

Flood bound in our drouth stricken plains, sounds hard to believe, but that was the experience of Mr. and Mrs. W. L. Pearson and a party of friends from Lubbock.

Mr. Pearson, manager of the Texas Utilities Co., and his wife, Mr. and Mrs. Homer Maxey, Mrs. Tatum and Mrs. Ecerheart, all of Lubbock, made a visit to the Palo Duro Park last Friday.

In their hiking they crossed the creek, but upon trying to return they found that the water had risen to such an extent as to make it impossible to cross. The outlook was not at all bright with no food and no drinking water. The situation was saved, however by the arrival of one of the camp boys with some blankets and cheese.

It was not until 11:00 the next morning that the water had gone down sufficiently for the party to get across.

Mr. Pearson says that he enjoyed the whole experience.

**RESUME DRILLING ON COUNTY TEST OIL WELL**

Drilling has been reumed on the test well being drilled northeast of Canyon. The well is now more than 5,000 feet, and it is expected that it will be sunk at least to 7,500 feet.

## Federal Vets Found No Cases in Re-Check Here

Randall county is free of TB among the cattle.

The re-check of the federal veterinarians was completed Saturday, which showed the county entirely free from the disease. Not a single re-acter was found among the cattle of the county on the re-check.

As a part of the CWA work, Randall county was given a free federal test early in the spring, which showed a few cattle afflicted with TB. Under the federal regulation, the re-check was necessary in order to eliminate all TB cattle from the county. A few animals were found afflicted in the first test, although the percentage was very small. All dairy cattle and small herds were tested, and at least 10% of the large herds were given the test.

Randall county is now free of TB, and owners of cattle will have no difficulty in making shipments of stock under the strict federal regulations.

The first TB tests made in Randall county were by members of the Randall County Dairyman's Association. These tests were responsible for freeing most of the dairy herds of TB, and were responsible for the record of last week whcih gives the county a clear bill of health.

## CATTLE BEING BOUGHT UNDER DROUTH SET UP

### Hundreds of Head Are Offered to the Government

### CASH IN SOON

### Farmers Should Make Contracts With Committee

Buying cattle under the government's drouth regulation was continued Tuesday after having been closed down since last Thursday while details were being worked out. 327 cattle were bought last week, of which 81 were condemned by the federal veterinarians and were slaughtered on the farms. The other animals were shipped to market where they will be canned by the government and the meat will be held for relief distribution this fall and winter.

When the order came to cease buying, the local committee continued with its work of lining up cattle, and making contracts until 1500 head were ready Tuesday morning for inspection. The cattle were delivered in Canyon for Relief Administrator H. S. Strain to ship. Owing to the fact that the stock pens will hold only 275 head at a time, the farmers must hold their cattle until the Santa Fe is equipped to ship out those which have been delivered. However, it is believed that after the plan gets underway, the farmers will be allowed to bring in their cattle as rapidly as the relief office is able to receive them. Just how many head will be offered to the government is yet problematical, but unless general rains come within a week, several hundred head more will be sold.

J. D. Gamble, secretary of the cattle committee, states that the farmers will receive the checks for their cattle within a very short time after the cattle are received The sales contracts are sent directly to the cattle headquarters

## Wheat Loans May Be Had By Farmers Summer Fallow

The period for receiving applications for summer fallowing and winter wheat loans from the Emergency Crop Loan Office at Dallas has been extended to the close of business July 15, according to announcement made by W. C. Black, chairman of the local committee.

Emergency Crop Loans for the purpose of summer fallowing and the combined purpose of summer fallowing and purchasing winter seed wheat are available in Randall county, and scores of farmers are making application for these loans.

The loans are made under the regulations relative to Emergency Crop Loans issued March 1, of the present year, and are received and handled in the same manner thru County Loan Committees and Field Supervisors. Security for the loan is a first lien on all crops to be grown and harvested on the land described in the mortgage.

## *Cook Books Are Ready Today for Distribution*

The Cook Books are ready for distribution!

Several hundred women who contributed recipes for the Cook Book may secure them beginning today at The News office by calling or sending for their copies.

The Book contains 112 pages, filled with interesting recipes, and advertising of local business firms.

More than a hundred recipes appear in the Book which were not printed in The News during the past few weeks. They have all been contributed by the women of Randall county.

Extra copies of the Cook Book have been printed, and will be sold for the small sum of 25c each, or by mail 28c. They will make fine gifts for friends either in the county, or outside of Randall county.

## THE GOVERNOR'S RACE

The News has direct information from two candidates running for state offices that no candidate in the race for Governor is making headway as fast as is Clint Small. That is good news to the friends of Senator Small in the Panhandle.

There are a lot of things about this governor's race which we would like to discuss, but as we stated last week, we are not mad at any of the candidates, just trying to help the friend of Canyon, Clint Small.

Many people expressed surprise to learn that Clint Small will be our Senator, even though he is defeated for Governor. That is the main reason why every vote in Randall county should go for him. He is the ONLY man in the race who has ever done anything worthwhile for Canyon, and the only man who will be in position to help us in the future, regardless of the outcome of this campaign. Therefore, the people of Canyon had better think very seriously before casting a vote against the man who has befriended us when he just had to have a friend in Austin.

There are only two candidates for Governor who has promised to not molest the West Texas State Teachers College—Clint Small and Maurey Hughes. Another candidate spoke here recently and was twice warned before his talk that the people of Canyon expected a defininte answer as to what his attitude would be regarding the College should he be elected; and he did not answer the challenge. Only in general terms did he even refer to educational matters. No voter should be satisfied with such evasion. That same candidate talked a lot about lobbying and utility rates, over which the Governor of Texas has absolutely no control, but neglected to tell his audience that the Attorney General has all of the control which has been granted by the legislature.

We have come to the conclusion that the only way by which we may profit in politics is to stay with our friends, regardless who may be running for office. If you do not believe in staying by your friends, just consider what would have happened in Canyon if the legislature had closed W. T., as so many in the state were trying to do last year. At that time, the citizens were bleeding themselves digging up money to send some of these "terrible lobbyists" to Austin to save the College.

---

The first year of NRA has passed. The net gain for the year under this set up is open to debate, and is being furiously debated in various circles. The opponents of NRA have viciously attacked the movement, while General Johnson stoutly maintains that it has been a very great success. No wonder the argument; it is un-American-like to say the least; it may almost be designated as un-American to place every phase of business under government control. But the method may justify the end, if the end is a happy one for the American nation. It is to be hoped that not many months hence, all of this super-governmental meddling in business will be unnecessary, and that the American people may continue on their own way. Meanwhile, talking of NRA, the government should stop its chiseling upon the printers, delivering printed stamped envelopes at prices less than the printers can buy the blank envelopes.

---

Another mess in the Texas Relief—$45,000 worth of cod liver oil The more we see of this relief business, the more disgusting it becomes. The people would have secured 100% better administration of its relief problem by each county digging up the necessary money with which to take care of the unfortunate. As it is now, too much of the so-called relief money goes to pay the expense of an expensive set-up at Austin, with hundreds of traveling auditors and inspectors, and supervisors, who do not give the snap of their fingers about the poor devil who is starving. When the present money expires, we trust that the legislature will refuse to sell another dollar's worth of bonds, and hand the relief business back to the counties. $45,000 worth of cod liver oil, is too much oil for any one state.

---

We had the opportunity of seeing and hearing Joe Bailey last Wednesday. He is a nice appearing young fellow, but lacks the punch which was displayed by his famous dad. He makes a very nice speech, and wants to go to the United States senate. The only thing he could talk about was to criticise Senator Tom Connally for having voted against the President as many times as Bailey had done. However, the farmers should remember that Bailey voted against every relief measure which was presented for the farmers; and his wetness is the only real cause why he was a better follower of the President than Connally. There was nothing impressive in his talk in Canyon excepting that he wanted a job, and there are about 5,000,000 other people in Texas in exactly the same fix. The voters will do well to stay with Connally, who has shown superior ability both in the House and in the Senate.

---

At last a jury has come to the conclusion that Hamilton is an undesirable citizen of Texas and assessed the death penalty in addition to the 365 years which he has to serve in the penitentiary. But under our speedy court system Hamilton will still be alive on Christmas, even if the Governor does not take a hand in the deal.

---

Senator Sheppard has introduced in the Senate another constitutional amendment to re-enact national prohibition. Arthur Brisbane, vicious opponent to the 18th amendment who charged all crime to prohibition, now admits that the bootlegger still continues, and is selling two-thirds of the liquor consumed in the United States. What has become of all the hooey we heard last year about repeal: "A billion dollars in taxes; immediate prosperity; no more agricultural problems; a million men back to work; no more gangsters; no more crime; no more speakeasies; no more drunkenness; no more depression; less drinking; perfect law enforcement." Unfortunately the American people were fooled into believing this bunk. However, Senator Sheppard will not get his amendment through in the next seven years; but it will come eventually.

---

Germany has handed the European nations a bitter pill by declaring a moratorium upon her debts, just as the bunch declared they could not pay Uncle Sam. Its a poor rule which will not work both ways.

---

The people are glad that congress is to adjourn. So many new fangled things have been started, that the average citizen has no conception as to what will happen next.

# CONDRON BACK FROM MEETING FOR LIBRARIES

### Serves On A Number Of Recommendation Committees

### CREATE BRANCHES

### State Divided Into Seven Districts To Be Represented

Upon invitation of the State Library and Historical Commission, Mr. S. H. Condron, of the Government Department of the College, accepted a place on the state Library Planning Commission. He has just returned from the first meeting of the Commission, which was held at Austin on June 15, with Miss Fannie Wilcox, State Librarian, presiding.

Representatives of the seven regions of the state and many leading daily newspapers were present. Twenty-two persons participated in the general planning for more effective library service.

**Recommendations Made**

The recommendations offered by Dean Wilson of the University of Chicago were taken as a basis of discussion, and from these two sets of goals—one immediate and another remote—were drawn up and submitted to a committee of the Legislature in charge of such matters. Mr. Condron was a member of the special committee to draft these proposals.

Expansion of the Texas library in all its phases of work, including archives, legislative reference and supervision of regional units, was recommended. The formation of a multiple county organization for library service in the thinly populated parts of the State and closer integration of public schools and public library services were asked. The committe also suggested the development of library services to meet the needs of Texas' racial and social groups.

**Before Board**

A special study was made of the needs of the State Library and the services it is performing, which, under the present budget, are inadequate. The Planning Commission recommended additional support for it. A special branch from the larger committee, of which Mr. Condron was a member, was instructed to appear before the Board of Control and urge the needs of a more adequate appropriation. The Board of Control seemed interested and gave a most courteous hearing.

One of tne recommendations by the committee of particular interest to Canyon and W. T. people was the expansion of the State Library by establishing several branches of it in the various regions of the state; so more people could be served. It seems logical that such a regional library should be placed in this part of the Panhandle.

**Visits University**

Mr. Condron visited the University while in Austin and met many former West Texas students. He reports that the transformation effected on the campus since he was there as a student was little short of marvelous. According to his stattment, "There is only one drawback to being in summer school there—the intense heat. No place like old W. T!"

# *New Hints for Your Summer Wardrobe*

LOUNGING PAJAMAS THAT CAN'T BE EXCELLED, AND A CHARMING STREET DRESS, ARE LATEST PATTERN OFFERINGS

ANY well-planned wardrobe would welcome such practical costumes as the ones shown above for this week. When a woman is lounging informally in her room, nothing fits the occasion like the printed pajamas pictured above. And for hopping tours on hot summer days, the trimly tailored street dress just can't be beaten.

If made up in one of the new cotton prints, the pajamas (No. 122) would be very cool and summery If, however, you want something a bit more dressy, choose a silk print in some floral motif.

They come in sizes 14 to 20 with corresponding bust 32 to 38. Size 18 requires four yards of 35-inch fabric, 2⅛ yards of narrow ribbon for a belt, and 2¾ yards of 1½-inch bias binding.

The street dress (No. 161) is charming in a polka-dotted silk with a companion print for contrast. It is designed in sizes 14 to 20 and in 40 and 42. Size 18 calls for 3⅝ yards of 39-inch material and ⅓ yard of fabric cut crosswise for contrast.

## New Member Now Added to W. T.'s Music Department

Owing to the large number of students enrolled in the Music Department of the College, an addition has recently been made to the faculty in the person of Miss Gladys Windsor, who will assist in teaching piano the remainder of the summer. Miss Windsor, after attending W. T. at intervals for a number of years, received her degree this spring with the class of '34, acquiring during that time a substantial amount of teaching experience.

## Fairview Breezes

Light showers have been falling every day for the past week. Not enough to help the row crops but just enough to keep the people from beginning the harvest of their wheat.

We had a large crowd out for Sunday School Sunday and had a very interesting topic for study.

A number of people are going to start combines about the middle of the week. Wheat is ripening fast.

Mrs. W. C. Arnold has been sick the past week. She is at Canyon now under the care of a doctor.

We are glad to have Mr. and Mrs. Cox in our community. They moved in two weeks ago, and will live at the Geo. Schaeffer place.

Dinner guests in the Sharps home Sunday were: Mr. and Mrs. G. E. Wesley, Vivian Carruthers and Lola Mae Carr.

Dinner guests in the J. W. Wesley home Sunday were Mr. and Mrs. John M. Patterson, John and Kathryn Patterson, Puny Abbott, Annie Washburn, Woodrow Wesley and Pete Sutton.

Inez Wesley visited Hazel Cox Sunday.

The Centerview H. D. Club met with Alice Rogers Friday. The Club gave a social at the church that night and a club quilt was given away. Johnny Davis won the quilt.

Imogene Langston is visiting friends here in the community this week.

Argel Brawner has returned to this community. He has been away the past year.

Inez and Othell Wesley, Annie Washburn and Alyce Rogers were business callers in Canyon Friday afternoon.

Mrs. Albert Wesley and children have moved into this community from Wayside. Mr. Wesley is still working near Wayside.

Mrs. E. D. Harrell and Mr. and Mrs. Newton Harrell were over here on business Friday.

Jake Sutton visited Jimmie Carr Sunday afternoon.

Vivian Carruthers visited friends here the past week end.

Willie Dunlap, who has been visiting her mother, returned to Amarillo Wednesday.

## Sunny Hill News

A good sized crowd heard the sermon delivered by Mr. Odum Sunday at Sunny Hill school house. We will hear him again in two weeks, at which time a Sunday school will be organized.

Mrs. Tom Hanners of Raton, N. M., visited in the home of her sister, Mrs. A. E. Wise, last week.

Mr. and Mrs. R. B. Elliott are enjoying a visit with relatives from Arizona.

Mr. and Mrs. Henry Ellis and family spent Sunday with Mr. and Mrs. J. E. Peters.

Miss Grace Knox of Amarillo spent the week-end visiting her parents, Mr. and Mrs. J. B. Knox.

## Improvements In Ad. Building Are at Last Completed

Students who attended the long session at W. T. and underwent all the discomforts attending the redecorating of the interior of the administration building will be interested to hear that they are at last completed. New terrazzo floor baseboards, and steps, freshly painted walls, and varnished woodwork now present an attractive appearance to visitors in the college.

The long halls, which were formerly so dark people could hardly pass each other with assurance, have been lightened appreciably by a soft cream-colored paint. Dr. Hill reports that the new floor will be even more attractive than it now is when it receives its final polishing about the first of September.

Improvements were started with the aid of C. W. A. and afterward financed entirely by the college.

## Air Crash That Cost Seven Lives

Hurled several hundred feet by the terrific impact when a Curtiss Condor airliner plunged in the Catskill mountains near Livingston Manor, N. Y., killing seven, one of the plane's motors is shown here, with other fragments of wreckage in the rear. Before the flaming wreck came to a halt, it had scorched its way through 100 yards of tangled brush on the slope.

## Nation Not Making Recovery Expected Says Rotary Speaker

Herschel Coffee, instructor in economics at W. T., discussed the present recovery program of the nation at the Rotary luncheon Tuesday, summing up the situation with the statement that great recovery had not resulted in the various agencies which had been undertaken. Mr. Coffee declared that the administration is not to blame for the situation because of the bad distribution of wealth in the nation.

Loss of market has caused the depression. 85% of America's international trade is gone; other nations are getting trade at our expense.

The government is trying to secure better use of the purchasing power, and to create new purchasing power. Some of the results have been good, but far short of the goal. There are a million more unemployed today than on January 1st. Incomes have increased 1% this year, while corporate profits have increased 3%.

Mr. Coffee discussed the various relief agencies, and expressed the greatest disappointment in the result of NRA. He believed that all citizens should uphold the government in its efforts. There are some surface signs of improvement.

In discussing the new tariff bill the speaker stated that 50% of the American people depend upon a world market. There is not an over-production in this country, but an over-production of some kinds of goods. A high tariff does not result in high wages. In order to secure world trade, we must lower the cost of production, and then trade with other nations.

Birthdays of the following were observed: Bob Jarrett, Chas Dickey and Walter Upchurch, in May; Bob Foster, Harris Cook, Doug Shirley, Vet Ingham, Pete Pearson and Ray Johns, in June.

Bill Smith announced that a Rotary soft ball team would be organized to participate in the College play-night June 29th.

Wes Kleinschmidt asked for contributions to help one of the boy scouts, who had lost his front teeth while at play.

Visitors present were: Arch B. Hunsley, W. S. Norman, Frank Butler, John Gilliam, Laroy White, J. D. Thompson, Jr., E. D. Holloway, all of Amarillo, and Dr. William Lockhart of Canyon.

## Story Hour Will Be Carried on by Junior Women Club

# Pay Delinquent Taxes By June 30 And Save Money; New Law Makes Old Penalty Rule Again In Force

The State of Texas will go back on the old delinquent tax law basis effective July 1, and Texas citizens who are delinquent in state and county tax bills will make a big saving in their tax bills by coming forward and paying on or before June 30.

For three or four years emergency measures of one kind and another have been put on the statute books to help farming and other business interests, but the last of these laws runs out on July 1st and thereafter 10 per cent penalty and six per cent interest per annum will have to be paid to clear the tax claims on a piece of land or other property.

Different agencies, including newspapers, county collectors, and officials have reminded the taxpayers of the change for the past several weeks, but in many instances, apparently, the matter has not made sufficiently heavy impression to get action on the part of the taxpayers.

"This is to remind you," says the state comptroller, "that the law provides that taxes due the county and state for 1932 and all previous years draw only six per cent penalty if paid by June 30, 1934, but if not paid by that time, they will draw ten per cent penalty and six per cent interest from date they became delinquent."

An example cited to illustrate the point is the case of a taxpayer who might have a delinquency from 1924 of $100. On or before June 30, 1934, this can be paid for $106 (just a six per cent penalty) but after June 30 to pay off and clear up the same tax it would cost $170, not taking into consideration the statutory costs. The point is made, also, that the rule applies to all of the State of Texas, and not just to Randall County, that it is an action of the state legislature and not of the local court or other local officers.

# Clark Member of Publicity, Promotion Committees

Wallace R. Clark, Canyon, director of the West Texas Chamber of Commerce has received notice of his appointment by James D. Hamlin, president of the regional chamber, as a member of the organization's Commission on Publicity and Promotion.

The objectives of the commission are set forth by Hamlin as follows: (1) promote and support a self-liquidating, roving Texas centennial and oppose the commercialization of the Centennial idea; (2) support by concerted campaign legislation necessary to carry out the West Texas Chamber of Commerce progam; (3) keep the West Texas relief map permanently on display; and (6) secure national publicity for West Texas.

An administrative board has been created from within the commission of thirty-nine with power to act for the commission as follows: L. A. McDonald, Denton, Chairman; Wilbur C. Hawk, Amarillo; R. L. Malone, Roswell, N. M.; H. O. Timmins, San Saba, and Walter D. Cline, Wichita Falls.

To carry on the entire program of the regional chamber, Hamlin announces the creation of four other commissions similarly organized with definite objectives. They are: Commission on Territorial Development, Commission on Mineral Resources and Traffic; Commission on Agriculture and Livestock, and Commission on Public Expenditures and Taxation.

# Byrd Broadcast Is Changed to Wednesdays—Joe on Air

Mrs. J. A. Hill was greatly surprised last night when the voice of her son, Joe Hill, Jr., came over the air in the Byrd broadcast from Little America. The four Texan men of the expedition sang "The Eyes of Texas," and in another quartet Joe had a solo part.

The Byrd broadcast has been changed from Saturday to Wednesday nights at 8:00 o'clock and may be heard over KMOX, St. Louis, or KRLD, Dallas.

Joe Hill made a talk three weeks ago to his former school mates, and Mrs. Hill was pleasantly surprised to hear the voice of her son again last night.

### BAPTIST BOYS CAMP

Beginning the 21st a three-day camp will be held at Ceta Canyon for Baptist boys between the ages of 17 and 19. The camp will be called the Royal Ambassador. Rev. J. R. Hicks will give the address Sunday.

Miss Lillian J. Atkins left Tuesday for a visit with her brother, Ernest Atkins, in New York. She went to Galveston to make the boat trip to New York.

# Many Plan To Go To Amarillo For Derby Day

Derby Day at the races in Amarillo next Monday, June 25, will bring together some of the best 3-year-old thoroughbreds in the entire Southwest. American Red, a horse that was once considered for the Kentucky Derby this spring, will head the list of great horses entered in this event. American Red will soon go to the major tracks where he is expected to hold his own with most of the present crop of colts.

Plans are being made to make Derby Day here one of the year's greatest events and to lay a foundation for the continuance of the running here each spring.

There is nothing hippodrome about the Tri-State meeting. The jockeys are first class riders, most of the horses are registered thoroughbreds, and the officials in charge are known throughout the world of racing for their ability.

Besides the Derby, six other races will be run Monday in a grand ending of the nine days' meeting.

The races have been successful in every way. Thoroughbreds from many states have vied for glory and cash purses. Patrons have kept up a steady file to the pari-mutual windows to buy certificates on their favorite bangtails. The races will be held every day with the exception of Sunday until Monday night.

# Judge J. H. Sharp Candidate Place on the Supreme Court

JUDGE JOHN H. SHARP

Judge John H. Sharp was in Canyon Monday in behalf of his candidacy for Associate Justice of the Supreme Court to succeed Judge Thomas B. Greenwood, who will not run for re-election.

For more than twenty-five years he has actively engaged in the practice of law, and by reason of his marked success as a lawyer in the private practice, he was first appointed a member of the Commission of Appeals by the Governor in 1929. When the law was amended in 1930, so as to make the judges of the Commission appointive by the Supreme Court, Judge Sharp was reappointed by the Court for a term of six years. He still holds that position. There is no branch of work coming before the Supreme Court with which he is not familiar from actual daily experience.

Judge Sharp is in the prime of life; he is in good health; he is a hard worker, and his character is above reproach. He believes that cases should be disposed of without undue delay and at the least expense to litigants.

Based upon his long and varied experience as a practicing lawyer, and his more than four and one-half years' service as a judge with the Supreme Court, he asks the people of this State for the promotion.

### EDITORS MAKE SOME UNUSUAL CODE REQUESTS

Iowa publishers have devised the following supplementary provisions of the code, which we hope General Johnson will hurry up and approve. Their adoption will mean millions to us small town publishers: For telling the public that a man is a successful citizen when everybody knows he is is lazy as a government mule—$2.70.. Referring to a deceased citizen as one who is mourned by the entire community when we know that he will only be missed by the poker circle —10.13. Referring to some galivanting scandal monger female as an estimable lady when every business man in town would rather see the devil coming—$8.10. Sending a hypocritical old reprobate to heaven, when we know that hell is too good for him—$5.00 Referring to deceased merchants as "progressive citizens" when they never advertised in their life to help draw trade to town—$1.00.—Gazette, Stillwater, Minn.

Mr. and Mrs. O. W. Connedy of Panhandle, visited Mr. Connedy's parents here Sunday.

H. M. Russell of Amarillo spent Tuesday in Canyon on business.

### PRESBYTERIAN CHURCH

The First Presbyterian Church will have a picnic next Wednesday afternoon, June 27, beginning at 5:30. All members and friends of the church and all members of the Sunday school are urged to be present.

The picnic will be held at Wragge Park. There will be plenty of red lemonade for everyone. Each family is to bring a lunch basket generously filled, and a freezer of cream if possible. The cones will be donated by the Sunday school.

Transportation will be provided for those who do not have a way. Meet at the Church at 5:30, and cars will be there to take you.

Bring your bunch and your lunch. Let's have a elephant time.

Regular services next Sunday. Program by the members of the Vacation Church School next Sunday night, at 8:15.

Chas. L. Dickey, Pastor.

# IN THE WORLD OF SPORTS

Detroit Tigers Are on the Prowl . . . Enzo Quits Exclusive Circle for Squared One . . . Meet the Female Bobby Jones

Enzo Fiermonte, Italian boxer, who deserted the ring recently to marry into society and is now doing an about-face, is shown at left. What's sauce for Goose Goslin, center, seems to be ditto for the Detroit Tigers. At right is Betty Jameson, 15-year-old Dallas, Tex., girl, who some day may be national women's golf champ.

BY PHILIP MARTIN

WITH Goose Goslin, Mickey Cochrane, and Charley Gehringer hitting their stride, the Detroit team looms as a dark horse in the American League pennant chase.

Pre-season predictions had the Tigers as poor prospects to capture the bunting, but a sudden spurt has made them real contenders. Detroit fans have a saying, "As Goose Goslin goes, so go the Tigers." And the Goose, after a very indifferent start, has been going great guns in recent games.

The old, reliable Gehringer has been hitting well and playing his usual steady game at the keystone sack. As for Mickey Cochrane—well, Mickey has injectted into the team a spark lacking since the days of Tyrus Raymond Cobb.

This year's American League chase is a wide-open affair, but don't be startled if the Bengals come in first under the wire!

• • •

A BOXING career got the nod over a life of luxury and ease when Enzo Fiermonte announced his return to the fistic fraternity in a light-heavyweight title match with Maxie Rosenbloom at Madison Square Garden, probably the latter part of June.

Handsome Enzo crashed the society pages some time ago when he married John Jacob Astor's widow. At that time, he announced he was done with fisticuffs, but the siren call of the ring has evidently proved too strong for him.

Before his retirement from the ring and subsequent marriage, the 26-year-old Italian was a promising sort of mittman in Manhattan. He holds decisions over a few fairly good middleweights, but it remains to be seen whether he can pick up where he left off, after a prolonged absence from the game.

• • •

WHAT'S the full name of a southern golfer who plays like a machine and has the initials "B. J."? Bobby Jones? You're wrong. It's little Betty Jameson, 15, who hails from Dallas, Tex., and may, if the stars are favorable, be national women's champ some fine day.

Betty recently took time off from her studies and nonchalantly captured the Southern Women's championship at New Orleans. And she did it in a way that had the gallery nearly suffocated from holding its breath.

A natural golfer, they called her after that victory. And the president of the Women's Southern Golf Association predicted that, some day, "maybe not this year, nor the next," Betty would win the national crown.

She's a modest, unaffected little girl, despite her aptitude for golf, her brilliant scholastic record, and the fact that her father stands in awe of her. The dad of this prodigy, it seems, is one of those struggling golfers who are constantly trying to break 100.

## News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of June 11, 1909)

The Daughters of the Confederacy entertained the veterans at the home of Mr. and Mrs. W. F. Heller, giving crosses of honor to each of the following veterans: J. W. Cowart, W. J. Redfearn, J. W. ## Wayside Items

Several combines are humming around Wayside. Hail damaged several fields of wheat the past week. In places rain is needed.

In some orchards peaches are shrivelling. Where possible, irrigation would help the fruit wonderfully.

George Hancock, wife and Jerry Lane of Pampa visited the paternal Lane home Saturday night and Sunday, returning Sunday afternoon. Jerry enjoyed her visit with Billie and Dickie very much, riding horseback.

Miss Aline McGehee made a visit to Canyon Friday spending the time with her grandmother, Mrs. L. J. McGehee. Coming home Saturday, Miss Lemley accompanied her, the latter returning Sunday afternoon.

M. L. McGehee is suffering with his right hand and arm, supposed to be rheumatism. He and Sara Beth mare a trip to Tulia Monday morning and visited the dentist.

Billy Harrall is visiting relatives at Seagraves.

Virgie Dunlap is helping Mrs. M. L. McGehee with the housework during harvest.

Mrs. Bessie McNeil of Archer City visited her parents, M. L. McGehee and wife, returning last Thursday via Amarillo.

Kenneth Knox and Mr. Littlefield had a wreck with their truck last Saturday night. Both trucks damaged. Kenneth's the worst; fortunately neither of the men were hurt.

Miss Lorine McGehee is attending college in Ames, Iowa. Miss Emma Brossam in Greeley, Colo.

M. L. McGehee and family of Happy visited the Sluder home last Sunday. Being Father and Son Day, he celebrated the occasion by bringing "the makings" of delicious ice cream, which all enjoyed.

M. E. Counterman, family and brother Troy, left Thursday to visit his grandmother Hunter, at Sylvia, Kansas. Expected to return Monday.

W. R. Franklin and family visited the Sluder home Sunday.

Roy Franklin has recently had his second attack of measles. Is now at work for his grandfather, G. W. Franklin.

Late report from Mrs. Emma Payne, they have reached Grand Junction, Colorado.

Jessie Fisher, missionary to India, is spending part of the summer in the Himalaya mountains. She formerly lived at Wayside; has many friends here.

## Details of Tour Discussed Wed. At Call Meeting

An organization meeting for the Educational Tour to be made the last six weeks of the Summer Session was held last Wednesday morning at the chapel period. About thirty people have signed up for the tour. The enrollment is limited to thirty or thirty-five, and it is expected that this number will soon be filled.

**Pointers Given**

Plans were made at the meeting, and problems were discussed. Dr Jarrett told the students that this tour is a new thing, an experiment, but that they will receive credit for the work they do while on the trip, and will be taught by members of the regular college faculty. Most of the students are interested in taking Education and English.

Mrs. Green, Mrs. Reeves, and Dr. Meyer also talked at the meeting, giving the students a few worthwhile pointers on clothing and other equipment needed for the trip.

**Itinerary**

The group will start July 17 with Goodwell, Oklahoma, as their first stop. They will proceed from there to Colorado, visiting Rocky Ford, Pueblo, Canyon City and the Royal Gorge, Colorado Springs, Denver, Boulder, Fort Collins, and Greeley. From Greeley they will go to Cheyenne, Wyoming and to Laramie, where Mr. J. M. Glass, a graduate of W. T. is now teaching. Yellowstone, Salt Lake City, Durango, Mesa Verde National Park, Taos, and Santa Fe will be the final stops before they return for final exams August 18. The trip will average a hundred miles a day.

**Comfort Assured**

The party will make camp each night, a cafeteria truck going ahead to make all arrangements. Comfortable beds, and a comfortable means of transportation will be provided. Mr. Phillips, who is in charge of the tour, estimates that the trip will cost around one hundred dollars per student.

**FIRST CHURCH OF CHRIST, SCIENTIST**

Services every Sunday at 11 a. m., and Wednesday at 8 p. m., when experiences, testimonies and remarks on Christian Science are given. Sunday school meets at 9:45. All under twenty years of age are invited to attend these classes. Subject for Sunday: "Is the universe, including man, evolved by atomic force?"

Prosperous times are those when people aim to get enough to quit work.

# NOTICE

## TO DELINQUENT TAXPAYERS OF RANDALL COUNTY

The following communication from the office of the Comptroller of Public Accounts, at Austin, will be of vital importance to delinquent taxpayers in Randall County:

To The Tax Collector:

You will recall that from time to time since 1930, the Legislature has been suspending interest and penalties on delinquent taxes. Last May, the last measure of this kind was enacted, which provided a 2% penalty on all advalorem taxes delinquent on February 1st, 1933, (later they included the split tax payments which became delinquent on July 1, 1933,) if paid by December 30, 1933, and 4% penalty, if paid by March 31, 1934; and 6%, if paid by June 30, 1934. After this June 30, 1934, expiration date, the old law prescribing 10% penalty and 6% interest per year, will again be in force.

This means that on and after July 1, 1934, this year, the penalty and interest you will be required to charge will not be 6%, but will include 6% interest per annum from the date it was first delinquent, plus 10% penalty. For Example:

**30% will be added to 1930 delinquent taxes**
**24% will be added to 1931 delinquent taxes**
**18% will be added to 1932 delinquent taxes**

**(A delinquent cost will also accrue in addition to above)**

Inasmuch as the taxpaying public may not understand the law, I suggest that you give this matter as much publicity as possible, in order to bring to the attention of the taxpayer the great saving, if they take advantage of the remaining period, which expires June 30, 1934.

Yours very truly,

(Signed) GEO. H. SHEPPARD,
Comptroller of Public Accounts

# Uncle Sam Develops 'Wild Boys of Road' Into Useful American Citizens

A LITTLE more than a year ago it was youth on the march, a horde of America's transient boys drifting across the face of the nation, jobless, hungry, and verging on a desperation which boded no good for the country.

Today it is youth in camp, an army of itinerant youths bivouacking in rehabilitation centers, where a judicious combination of work, food, rest, play, and education is helping to build up these wandering lads into useful citizens of the future.

The hobo problem has always existed. But it was not until several years ago, when the ranks of nomadic Americans were swelled to hundreds of thousands, that the government was forced into action. Civic relief agencies found themselves unable to care for the boys who swarmed into cities throughout the country.

Many had left home to lift the burden of their support from parents sorely hit by the depression, others to escape an unpleasant home atmosphere; and still others to seek jobs unavailable in their home towns.

• • •

THE temperate climate of Florida, the gulf states, the southwest, and California attracted the majority of the wanderers. Consequently, the Federal Transient Service, organized to care for the "wild boys of the road," gave special consideration to the problem in those parts of the country.

In California, for instance, four transient boys' centers have been established and a fifth, planned to accommodate a thousand boys at one time, is being set up at Camp Radford, in the San Bernadino mountains.

Routine at the Griffith Park center, near Los Angeles, is typical of most Transient Service camps. No boy hobo coming into California is compelled to enlist, and if he does he may leave when he pleases.

The Griffith Park boys, all under 21 years of age, work six hours daily on useful forestry and flood control projects. They get their board and a credit of 50 cents a day. This pay accumulates until they have enough to pay for their fare back home, with an extra $10 for traveling expenses, and to buy a suit of clothes.

• • •

THE work schedule allows them a comfortable margin of leisure for education and recreation. The schooling is primarily of a vocational nature.

Instruction in various trades, branches of commerce, aeronautics, navigation, and other courses is available there.

To keep "Jack" from being a dull boy, there are boxing, wrestling, baseball, horseshoes, gymnastics and other sports for recreation. Around the campfire at night the boys enjoy local talent entertainment.

A system of partial self-government and regular flag-raising and lowering ceremonies aids in training the youngsters for future citizenship.

All in all, camp officials firmly believe federal transient centers act as a powerful force in helping the young wanderers to develop a new outlook on life.

**A typical Federal Transient Service camp for wandering boys, the one at Griffith Park, Los Angeles, is shown at left. Here nomadic young Americans may learn self-help, as shown in the other photos, and also to be good citizens.**

# More Books Are Added to Library of Randall County

The largest single contribution which has been made recently to the Canyon Library came from Mrs. P. L. Britain and contained 75 books, about half of them suitable for boys from 10 to 16 years of age, and the remaining books of history and biography. The boys books are mostly stories of Boy Scout activities. Mrs. Britain's gift has helped to fill one of the library's greatest needs, according to Miss Fannie Malone, for many of the boys come to the library since the public school is not in session.

Judge S. B. Orton has given several more books to add to those he had placed in the library earlier in the year.

From Mrs. Clarence Thompson a dozen books, most of them fiction, have been received.

W. L. Smith has given four very valuable books on carpentry to the library. These books are well bound and contain splendid helps for the man who wishes to make repairs around the home or the boy who wants to learn how to use tools.

Margaret Nicholas has added a beautifully illustrated copy of "Raggedy Ann" to the shelves of books for little children.

Many magazines, both new and old, are being given to the library, but there are still not enough to supply the constantly growing demands.

A new record was established at the library last Saturday during the hours from 2:00 to 5:00 when more than 50 people visited it, many of them taking out books.

**Library Committee Meets**

Yesterday morning at 10 o'clock there was a joint meeting of several committees interested in the development of Randall County's library. Sixteen people were present with Mrs. Ray Campbell acting as chairman in the absence of Mrs. S. L. Ingham. At this meeting Professor S. H. Condron, who has been appointed to a place on the State Library Planning Committee, outlined the plans for regional libraries in Texas. If the plan is carried out, there will be seven library areas in the state, the Panhandle-Plains Region being comprised of 43 counties with Canyon at almost the exact center.

Mr. Condron left yesterday to attend a meeting at Austin, at which the plans for the state will be discussed and outlined.

Judge S. B. Orton told the committee of needs of more books for the people of Randall County and mentioned especially the needs of school children. Judge Orton said, "If the children of Randall county learn to read good books, they will become educated people," and pointed out that they have no chance to learn to enjoy reading unless books are provided for them.

It was decided by the joint committee to have a house-to-house campaign in Canyon to secure more books for the library. No one will be asked to give money, but every household will have a chance to give books which they will no longer use. It is believed that several hundred books can be added to the library in this way. The librarian has pointed out that every book which has been given has been found useful to some one.

Mothers who wish to attend the meetings of the various church socials on Tuesday afternoon can now leave their children at the public library. Children who are old enough to read can do so, and the Junior Women's Club will conduct a story hour and entertain the smaller children.

Citizens who live in the country are especially invited to spend their spare time in the reading room when in town. There is no charge for the use of books in the library and the place is always cool and comfortable during the afternoon hours when the library is open.

Those present at the meeting Wednesday morning were Mrs. I. C. Jenkins, Mrs. Floyd Dunaway, Mrs. T. B. McCarter, Mrs. Dan K. Usery, Judge S. B. Orton, Mrs. W. E. Miller, Mrs. Carl Scott, Mrs. Harry Wood, Mrs. M. S. Bishir, S. H. Condron, Miss Tennessee Malone, Mrs. C. R. Burrow, Mrs. C. W. Batchelder, Miss Fannie Malone, and Mrs. Ray Campbell.

After reading over the long list of rules and regulations concerning hunting and fishing licenses, we have discovered at least that one doesn't have to have a hunting licenses to dig fishing worms.

# DR. DEBO'S NEW BOOK WILL BE REVIEWED FRI.

## It Is Authentic Study of Choctaw Tribe of Indians

Approximately 150 people attended the first Book Review Hour held in the Administration Auditorium Friday morning from 9:00 to 9:30. Dr. Fronabarger, head of the English Department was in charge and introduced the speaker, Dr. Angie Debo, who reviewed Dr. Walter Prescott Webb's, "The Great Plains."

At the next meeting which will be held Friday, June 22, Mrs. T. V. Reeves of the Bureau of Public Service, will review Dr. Angie Debo's new book, "The Rise and Fall of The Choctaw Republic." In a preview from The University of Oklahoma Press, the publishers of the book, it is discussed as follows: "All phases of the Choctaw Republic receive the closest attention from Miss Debo: public finance, economic development, political history, society, Civil War and Reconstruction days, the final surrender to the United States. Both as a study of a nation within a nation and a comprehensive treatment of the history of an impressive race, Miss Debo's book must rank as one of the most valuable Indian tribal studies. . . . Grant Foreman, himself, perhaps the foremost authority in the United States on the Five Civilized Tribes, of which the Choctaws were a member, says of "The Rise and Fall of the Choctaw Republic," "It impresses me as being accurate and comprehensive and adequate."

The following review is expected to be both highly valuable and intensely interesting.

There are still a few people left who can recall when a girl promised to marry a man instead of threatening to do so.

There are plenty of decent people left in the world, but they don't put themselves on exhibition.

When politics begin to buzz, it's not always a sign that someone is going to get stung.

"Intellectuals" are generally the folks who talk about the new ideas, but never have any.

## Fourth of July

(Continued from first page)

eran Leonard Stroud. According to Mr. Stroud, some of the country's wildest horses and best riders will be in the show.

**Special Programs**

Each day of the celebration has been set aside for a special type of program, and religious, civic and fraternal organizations throughout the Panhandle - Plains area are planning to participate.

July 4: Dedication and citizenship day. The State Park Board will dedicate the Park. Following will be political speeches, all candidates are invited and each will be permitted his own rally—the park is big enough for all; band concerts; National Guards, American Legion and Veterans of Foreign Wars activities.

July 5: Church-Sunday School Day. A one-day combination chautauqua, convention and picnic. A massed chorus selected from the entire territory will be a feature of the day's program. A full orchestra will be presented along with other entertaining features. Program under direction of John Josey.

July 6: Goodnight Trail Dedication, Pioneers' Day, Boy and Girl Scouts gatherings.

July 7: Civic Clubs Day. All civic clubs, Federated Women's Clubs, Business and Professional clubs of the area are invited to meet at the Park on this day.

July 8: Palo Duro Canyon State Park Day. A day filled with interesting events and especially set aside for picnic parties.

The State Park Board is making provisions for amusement and refreshment concessions and, according to Mr. Colp, prices will be most reasonable. No charge will be made for the rim drive or for a visit to the lodge site on the brink of the canyon. Admission to the canyon drive is 35 cents per car of five persons or less, and 5 cents each for additional passengers. Admission for motorcycles, 25 cents each. Admission to the rodeo will be 35 cents for children and 75 cents for adults.

### LESTER BABY DIES

The oldest daughter of Mr. and Mrs. Frank Lester died last week at El Paso. Mrs. L. T. Lester, mother of Frank, had been visiting in the home of her son, and just returned home when news came of the baby's death.

## Farm Editor on Visit To Northwest Texas Section

Canyon has been visited this week by Eugene Butler, editor of The Progressive Farmer, who with Professor Frank R. Phillips, has been touring the northwest section of Texas and border counties of New Mexico.

Mr. Butler found conditions on the northwest Plains far worse than around Canyon, but reported that crops were looking fairly well in Hansford and Ochiltree counties.

While in Canyon he was greatly interested in visiting the Panhandle-Plains Museum which has been built since his last trip to this part of the State. He was surprised at the size and value of the materials he saw and especially pleased with the murals which have recently been hung in Pioneer Hall.

## Pirates to Attend College by Running Co-Op Laundry

Pirates are to infest our town. S. B. Thomas of Ashtola is bringing five pirates to attend school here the last six weeks of the summer session.

These five boys are those selected from the Pirate organization throughout the schools of Donley county. This organization was originated by Mr. Thomas to promote the education of the rural school boy.

The Pirates plan to make their expenses while in school by running a laundry.

In Donley county the school is the Pirate ship, and the schools of the county comprise the Pirate fleet. Five more boys will arrive in September to complete the crew.

## Cattle Buying

(Continued from first page)

at St. Paul where the accounts are audited and checks issued to the farmers.

Farmers who wish to dispose of their surplus stock are urged to see Mr. Gamble at the commissioners court room, or any of the local committee at once in order to be in line for selling their cattle as fast as the government will receive them. The local committee is composed of W. E. Bennett, L. J. Fulton, Clyde McElroy, T. V. Slack and E. C. Robinson.

Randall county would not have been included in the cattle buying program had it not been for the aggressive work of County Agent W. H. Upchurch, who protested vigorously to the agricultural department of the drouth condition of Randall county, and the necessity of placing this county in the cattle buying program.

Just how long the government will continue to buy cattle is unknown. It is expected that the program will continue until a sufficient number have been slaughtered to make a real reduction in the number of breeding animals in the nation. The duration of the drouth will probably have considerable to do with the time limit determined by the government.

Mrs. R. W. Ratcliff went to Pampa Tuesday to spend a few days with Mr. Ratcliff.

## Library

(Continued from first page)

sections, with the West side of the square as the line between east and west. Within the next week every house will be visited and every person in Canyon is invited to have books or magazines ready to give to the collectors when they call in their house to house canvas. It is believed that more than a thousand books of all kinds can be added to the library in this way.

The following women will make the canvas: First Avenue, Mrs. Harry Brown, Mrs. Bill Smith, Mrs. R. N. Barnett. Second Avenue west, Miss Irene Angel, Mrs. Pete Brown. Second Avenue, east, Mrs. Clyde McElroy, Mrs. A. W. Sternenberg. Third Avenue west, Mrs. C. M. Dowlen, Mrs. I. C. Jenkins. Third Avenue, east, Mrs. C. A. Murray, Mrs. S. H. Condron. Eighth Avenue, east, Mrs. T. H. Knighton, Mrs. J. B. Fowler.

All the town east of the highway will be canvassed by Mrs. C. W. Batchelder, Mrs. M. S. Bishir and Mrs. Lorenzo Wirt.

If any person who has books or magazines to give the library is missed in the canvas, the books will be sent for if Mrs. Ray Campbell is called at telephone 87.

About forty people, many of them boys and girls, are using the public library at the court house every week day from two to five and books are needed to supply the many calls that come.

It has been pointed out that if every citizen will help, there will soon be a library which will help every body and which will be a credit to the county.

Mrs. R. E. Ball is at Olton visiting at the home of her father.
